Frequently Asked Questions

Do you offer packages?

Yes, we have a list of services and package base pricing. However, every wedding is special and different. We believe we can better serve you by creating custom estimates. This enables us to offer you just the items you need or want, whether day of coordination, full event planning from beginning to end or help with just a few items on your wedding to-do list.

Can I hire you for just the day of my wedding?

Yes, we offer day-of wedding services for couples who have happily planned all the details for their big day but would like to just enjoy their wedding day rather than tend to details. We can oversee all set-up and décor, manage your vendors, distribute your payments, keep your event on schedule, and much more. From straightening ties and bustling dresses to getting your flowers from your ceremony to your reception, we can manage all your day-of tasks.

Do I have to use your vendors?

Absolutely not. If you are in need of a referral to a reliable wedding vendor/partner we are more than happy to recommend someone that will fit your budget and meet your expectations. Yet if you would rather work with someone else that's okay. We are happy to work with whomever you feel will make your day special.

How many weddings do you manage per day?

We only manage one event per day. We believe in giving you our undivided attention so that we can attend to any need you have on your wedding day.

I'm on a budget. How do I know if I can afford you?

Set up a consultation with us. We would love to hear about what you're envisioning for your wedding day. Let us know what you have available to spend, and we will let you know what we can provide to you within your budget. We also have general packages so you can get an idea of the investment.

Do I need to be involved in the planning process? Can I be?

You can be as involved or not involved as you like. We understand that sometimes wedding planning can be overwhelming and you might need to take a step back. If that happens, we will make sure all your to-do's still get done. We also know some couples find comfort and less stress being more involved. If that makes you happier, we would love to see you as often as you like.

Our wedding is just around the corner! Have I waited too long to hire a wedding planner?

Whether your wedding is in two years or three months, we can help you. If your wedding day is near, we know there's a lot to do all at once, call the Savory Affair, we would love to help.

What size weddings do you handle? Is mine too small or too large?

We handle weddings of all sizes. We understand that the perfect wedding day to you could mean 20 guests or it could mean 300. Whatever the size, we can work together and accommodate you.

Your wedding day is full of details. Let them be savory.
